

How to Know if you're Enrolled in a Course

1

This tutorial will cover how to know if you're enrolled in a course and how to view previous courses! The first step is to navigate to the Flamingo homepage.

2

There we can find a section called "My Courses." This will show all your currently active courses.

My Courses

All Pinned

FLCE Statewide Cohort 1
Module 2 Dec 2022 S7
37

27

[View All Courses \(2\)](#)

3

If I click on the "... " button I can learn about two more options. I can learn about the "Course Offering Information" and Pin/Unpin my course. Lets click on "Course Offering Information."

My Courses

All Pinned

Course Offering Information

Unpin

[View All Courses \(2\)](#)

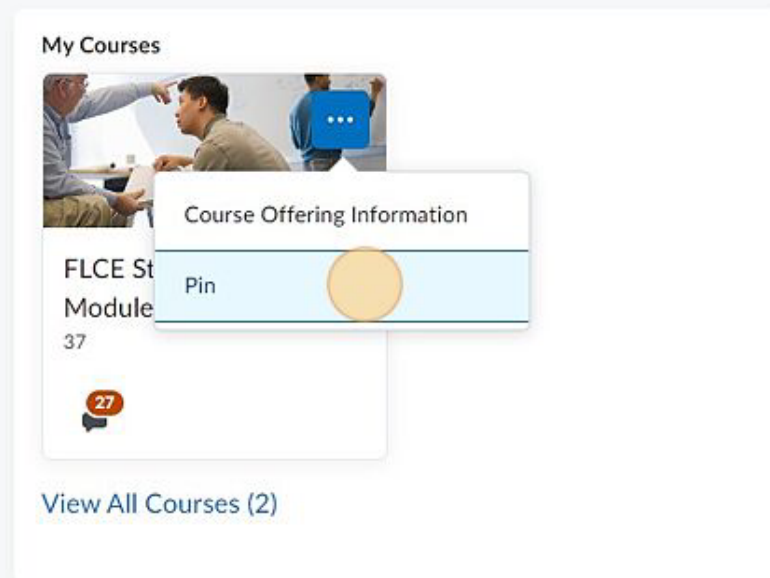

4

Here we can see information about the course. This is mainly for administrators and instructors to use. Click on the Flamingo Learning icon to go back to the Homepage.

The screenshot shows the course page interface. At the top, there's a navigation bar with the Flamingo Learning logo, the course title 'FLCE Statewide Cohort 1 Module 2 D...', and several utility icons (grid, envelope, speech bubble, bell, and a red 'FF' button). Below this is a secondary navigation bar with icons and labels for 'My Home', 'Course Home', 'Content', 'Assignments', 'Discussions', 'Grades', 'Classlist', and 'Course Tools'. The main content area is titled 'Course Offering Information' for 'FLCE Statewide Cohort 1 Module 2 Dec 2022 S7'. It includes a 'Course Image' section with a 'Browse' button and a note about image specifications. Below that is a 'Homepage Banner' section with a checked checkbox for 'Display the image in a banner on the course homepage'. Further down are input fields for 'Course Offering Name' (containing 'FLCE Statewide Cohort 1 Module 2 Dec 2022 S7') and 'Course Offering Code'.

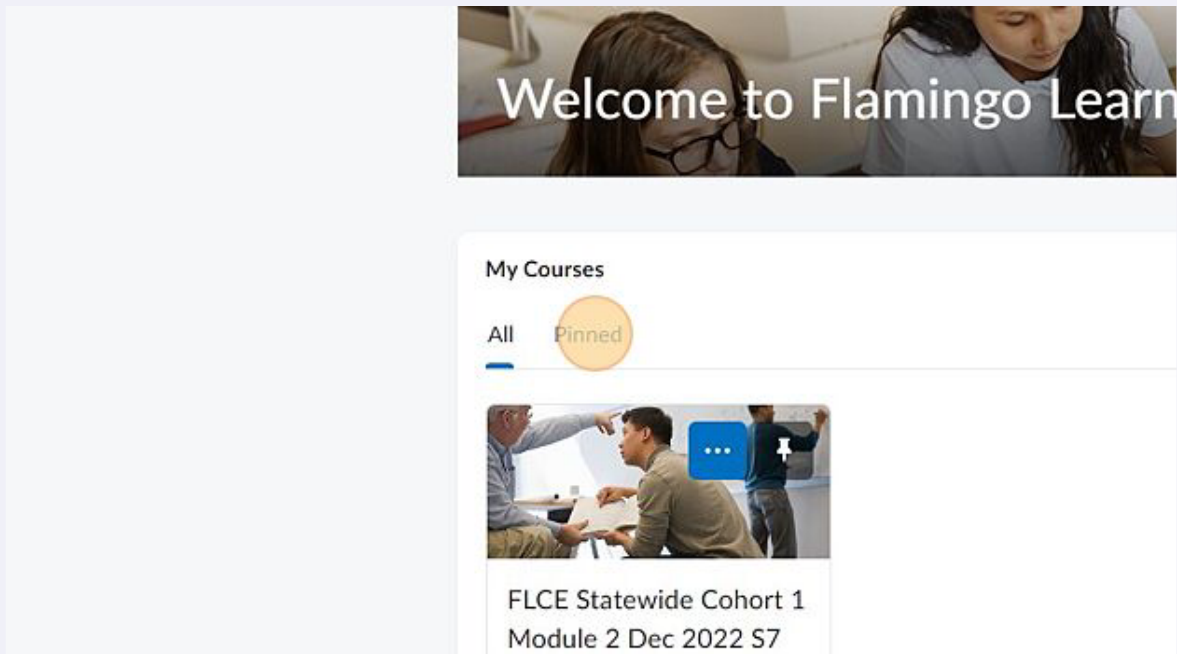

5

Next click on the "..." button again and let's learn about Pins! If you are enrolled in multiple live courses you can pin certain courses to make it easier to find!

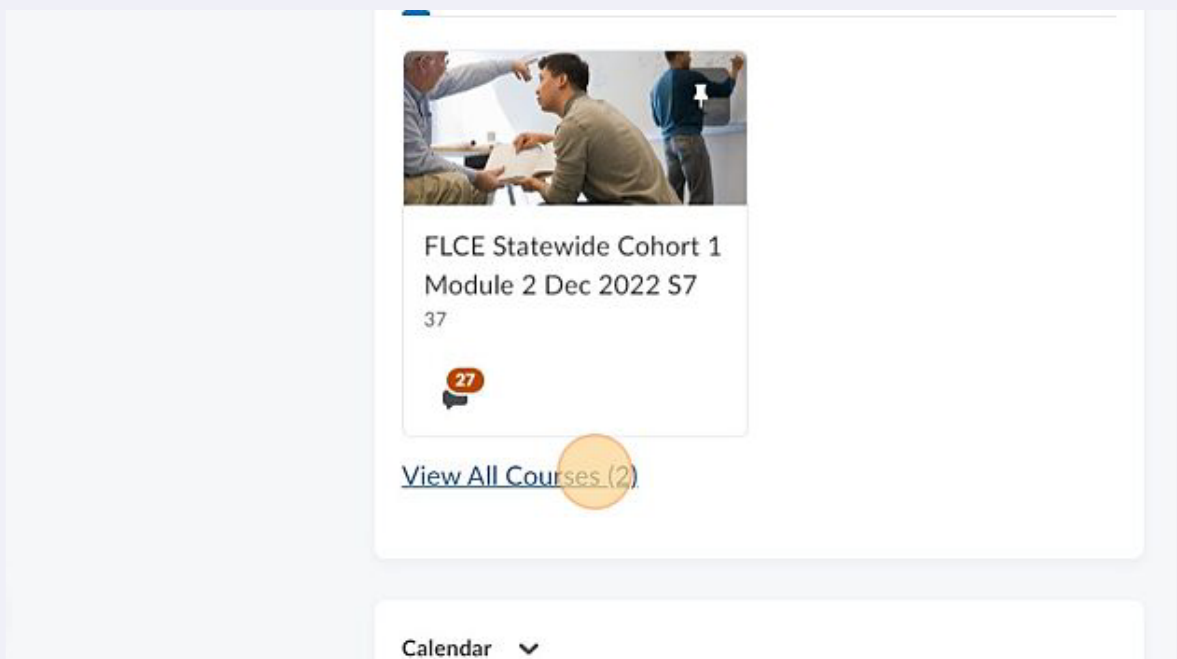

6

You will see that the course now has a tack symbol, which means we have pinned this course! If we click on Pinned we will only see the courses we've pinned.

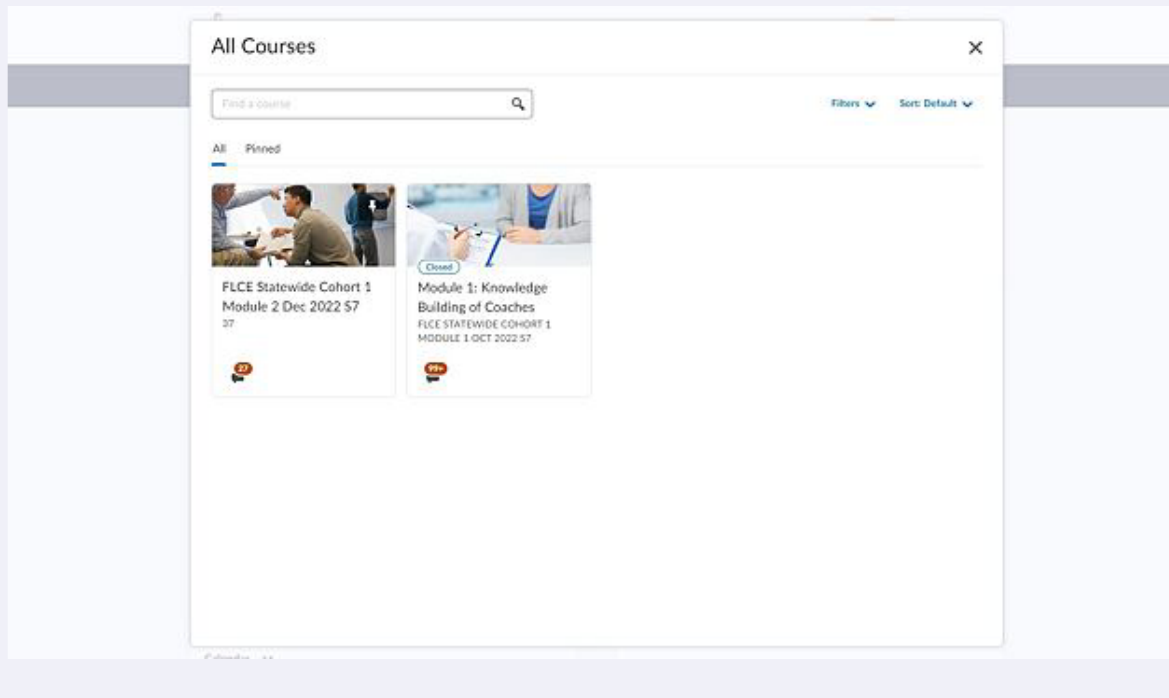

7

How about viewing old/closed courses? Click on View All Courses to view already completed courses!

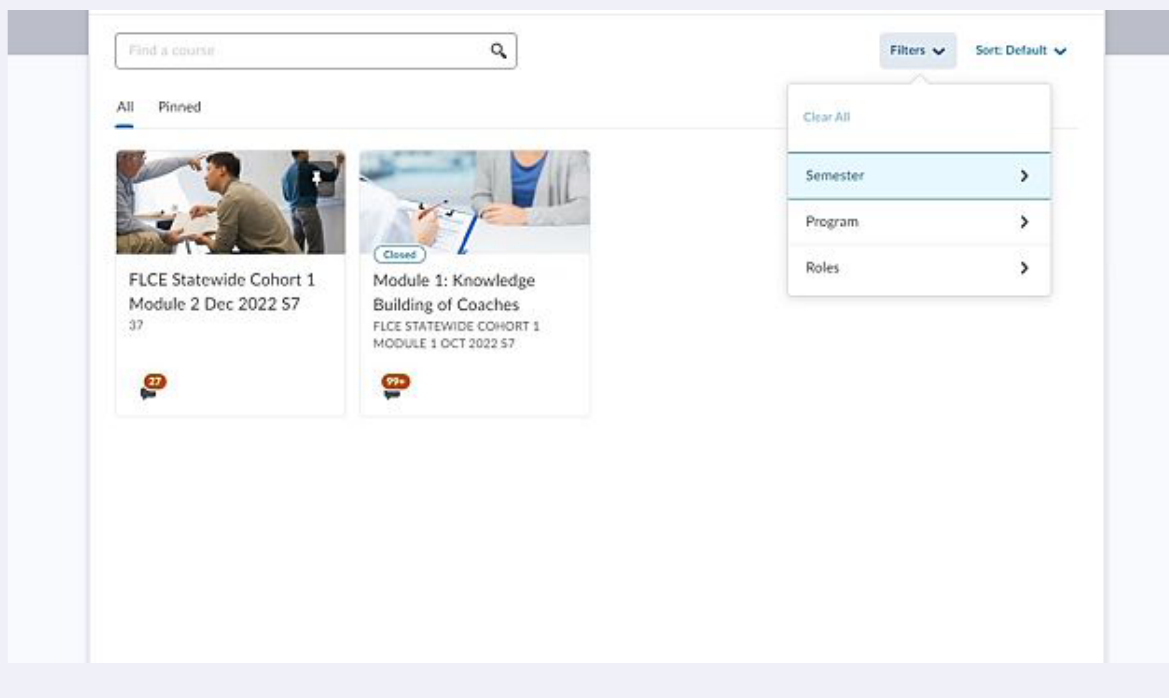

8

Here we can see all my current and previous courses. If something is pinned we can see it here too!

9

If you need to look for a specific course the filters button might help! You can sort by Semester, Program, and Roles!

10

Here we can sort courses by: Course Name, Course Code, Date Pinned, Last Accessed, and Finally Enrollment Date! You now should know how to know if you are enrolled in a course & how to access previous courses!
